Summary

Versatile Lead Teacher with 5 years of experience creating positive, productive learning environments and supporting early childhood development. Skilled in classroom management, hands-on activities, behavior intervention, data collection, visual supports, and social-skills development. Experienced in one-on-one therapy for individuals with autism spectrum disorder and currently pursuing a degree in Early Childhood Education.

Willing to relocate to: San Jacinto, CA

Work Experience

Behavior Technician

Amergis Healthcare • Lake Elsinore, CA

August 2025 to Present

- Implemented behavior intervention plans for individuals with autism spectrum disorder, advancing skill development and reducing challenging behaviors through evidence-based strategies
- Collected and analyzed client data to track progress, support data-driven decisions, and inform treatment planning
- Delivered direct one-on-one therapy sessions, applying evidence-based strategies and techniques to support individualized treatment goals
- Supported clients in developing social skills through structured activities and interventions, strengthening communication and positive peer interactions
- Maintained accurate documentation of client progress, session notes, and incident reports to support continuity of care and treatment evaluation
- Collaborated with schools and educational institutions to promote skill generalization across different settings and daily routines
- Implemented visual schedules and task analyses to promote independence and improve client performance during daily routines

Behavior Technician

Behavior Frontiers • Perris, CA

January 2025 to July 2025

- Collected and analyzed client data to track progress, support data-driven decisions, and inform treatment planning
- Delivered direct one-on-one therapy sessions, implementing evidence-based strategies and techniques to advance individualized treatment goals
- Assisted with parent training sessions, educating caregivers on behavior management techniques to support consistent interventions at home
- Implemented behavior intervention plans for individuals with autism spectrum disorder, advancing skill development and reducing challenging behaviors
- Maintained accurate documentation of client progress, session notes, and incident reports to support treatment continuity and evaluation
- Implemented positive reinforcement strategies during therapy sessions to motivate clients and encourage progress toward skill-development goals
- Developed visual supports, including schedules and token boards, to improve task completion and promote client independence

Preschool Lead Teacher

Kiddie Academy • Santa Ana, CA

September 2024 to March 2025

- Served as a mentor and role model for students, promoting positive behavior and character development through consistent guidance
- Implemented effective classroom management strategies to maintain an orderly, productive learning environment that supported student engagement
- Designed creative, hands-on activities that encouraged critical thinking skills and strengthened active classroom participation

- Facilitated collaborative projects among students to promote teamwork skills, cooperation, and peer learning
- Implemented effective behavior management techniques to create a respectful, inclusive classroom culture that supported positive interactions

Teacher Aide

Rancho Santiago Community College District • Irvine, CA

January 2024 to September 2024

- Supported and assisted the teacher with students' needs, contributing to an organized and responsive classroom environment
- Facilitated small-group activities with students to encourage constructive learning and strengthen participation
- Led hands-on activities to promote new skills and reinforce learning through experiential instruction
- Managed meal counts and nap time routines, supporting orderly daily classroom operations
- Recorded student observations for the teacher to evaluate progress and inform end-of-year assessments
